

VOYAGE 510

DESIGNED FOR ADVENTURE. BUILT TO ENDURE.

VOYAGE YACHTS has been the popular choice for both the cruising and charter market, since its formation in 1994. Our much-deserved reputation for quality, strength and durability has been recognised by numerous prestigious awards won over the years.

Building directly upon structural and operational lessons drawn from the VOYAGE 590 platform, the VOYAGE 510 offers a more compact and responsive format. The VOYAGE 510 was developed to refine the relationship between private ownership and charter capability.

It offers a balanced platform with broad appeal — substantial enough for private cruising, structured for charter operation, and positioned as the newest evolution within the Voyage Yachts range.

Designed as the newest expression of the Voyage Yachts range, the VOYAGE 510 balances volume and manageability. It suits operators who value structural integrity, accessible systems, spacious interiors, refined finishes, and exceptional stability and performance at sea.

The VOYAGE 510 meets the requirements of Category A under the Recreational Craft Directive 2013/53/EU.

TECHNICAL SPECIFICATIONS

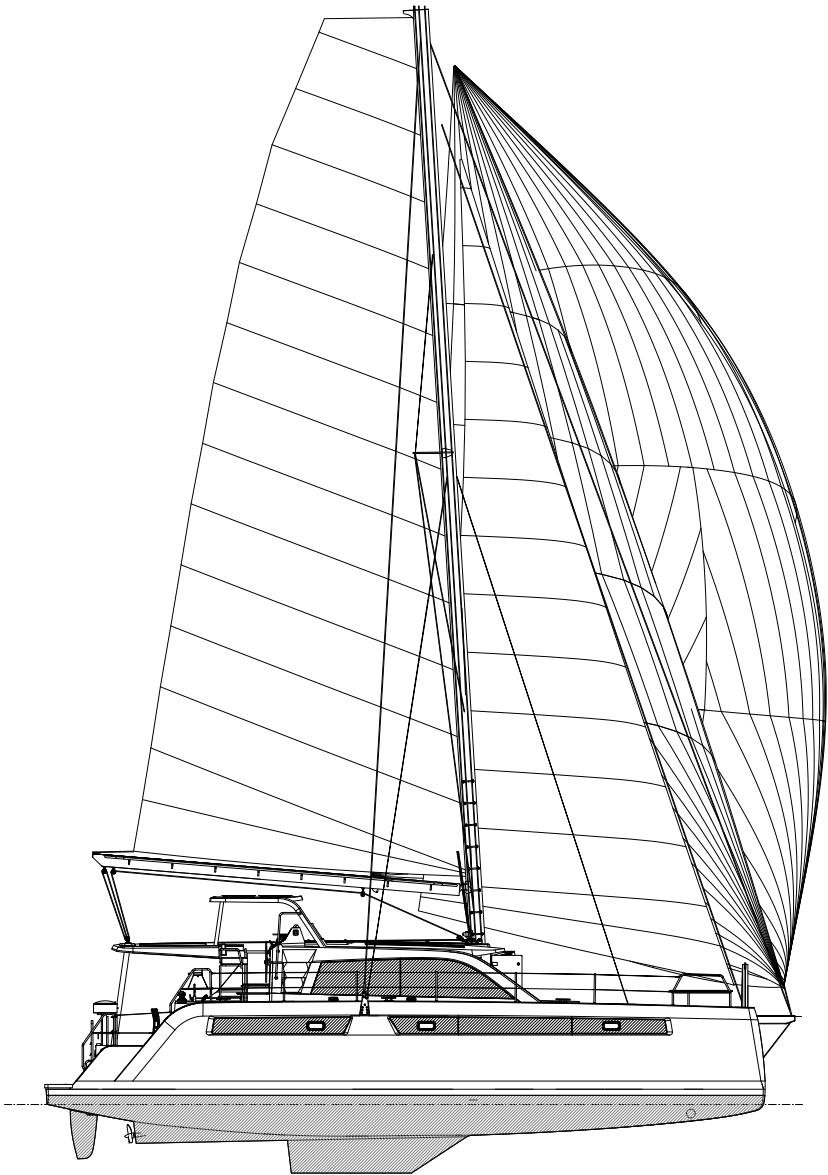

Every element of the VOYAGE 510 is designed for longevity, ease of operation, and life at sea.

The VOYAGE 510 balances generous interior volume with a carefully engineered hull form. Integrated chines refine the waterline, supporting efficient hydrodynamic performance and controlled displacement.

Twin Yanmar shaft drives and a performance-modelled sail plan deliver steady, confident passage-making, with simplified sail handling through a fully consolidated helm.

PRINCIPLE CHARACTERISTICS

CE Design	Category A (Ocean)
Length Overall	15.8 m 51 ft 1"
Waterline Length	15.7 m 51 ft 6"
Beam	8.2 m 26 ft 11"
Draft	1.5 m 4 ft 11"
Displacement	19,500 kg 42,990 lbs
Power Supply	2x Yanmar 42 kW (57hp) Shaft Drive
Cruising Speed	9 knots
Fuel Capacity	2x 550 L 2x 145 Gal
Water Capacity	2x 450L 2x 120 Gal
Sail Area (standard)	161.4m ² 1,737 ft ²
Pinhead Mainsail (standard)	91.2m ² 981 ft ²
Genoa (RFG) (standard)	58.5m ² 630 ft ²
Squaretop Mainsail (optional)	96.4 m ² 1,038 ft ²
Screecher / Code Zero (CCZ) (optional)	144.7m ² 1,558 ft ²
Asymmetrical Spinnaker (ASP) (optional)	234m ² 2,519 ft ²

CONFIGURATION

The VOYAGE 510 is built on a defined standard specification, establishing the structural platform, core systems, and a cohesive onboard experience. The standard, cruising configuration provides a complete, liveable platform designed for private use.

Uninterrupted sightlines and walk-through access create a natural connection between each area, while large toughened glass windows and sliding doors dissolve the boundary between interior and exterior — bringing in light, ventilation, and clarity of view.

The aft cockpit, saloon, and foredeck flow as one continuous space. These multiple zones allow opportunity for either social connection or a quiet retreat, at any part of the journey. Four spacious en-suite cabins, each with queen island berths, offer equal guest accommodation.

From this foundation, the VOYAGE 510 can be refined to suit its intended use.

KEY FEATURES

- Four en-suite cabins with queen island berths
- 2m / 6.5 ft standing height in saloon, aft cockpit, and cabins
- Toughened glass windows with uninterrupted views
- L-shaped galley with choice of real wood veneers and countertop finishes
- Dedicated navigation station with settee, desk and storage
- Underfloor lockers of 250–300L (approx. 66–79 US gallons per locker | 230mm depth)
- Single consolidated helm with centralised sail handling
- Spacious engine rooms, accessed via steps and large service hatches
- Dive tank lockers for onboard capability

CONFIGURATION

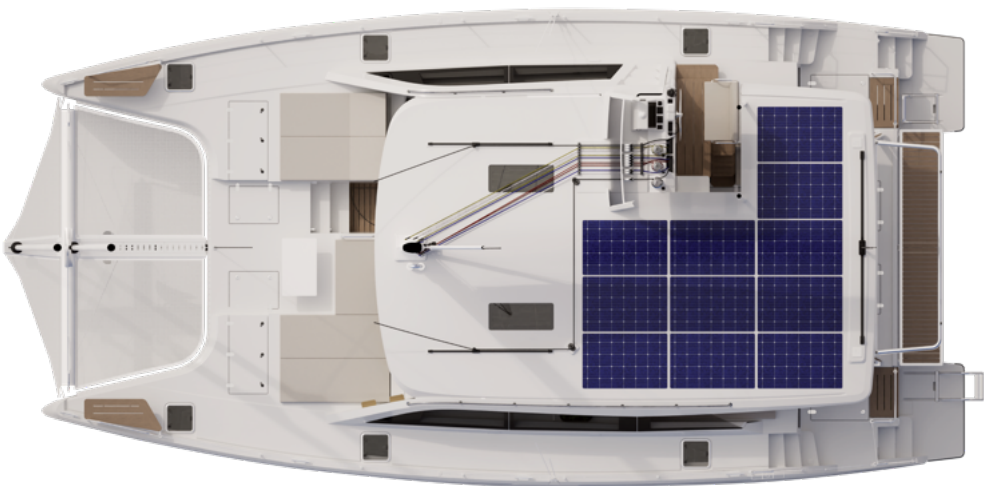

OWNER'S UPGRADE

The below example of an owner's upgrade offers a dedicated starboard hull, configured as a private owner's suite, with integrated workspace, vanity, and generous storage. Forward compartments are configured as a workshop, laundry, or sail locker. A fixed dinghy platform and Davit System rated for 550kg / 1200lbs. This configuration prioritises privacy, storage, and long-term liveaboard comfort.

CONFIGURATION

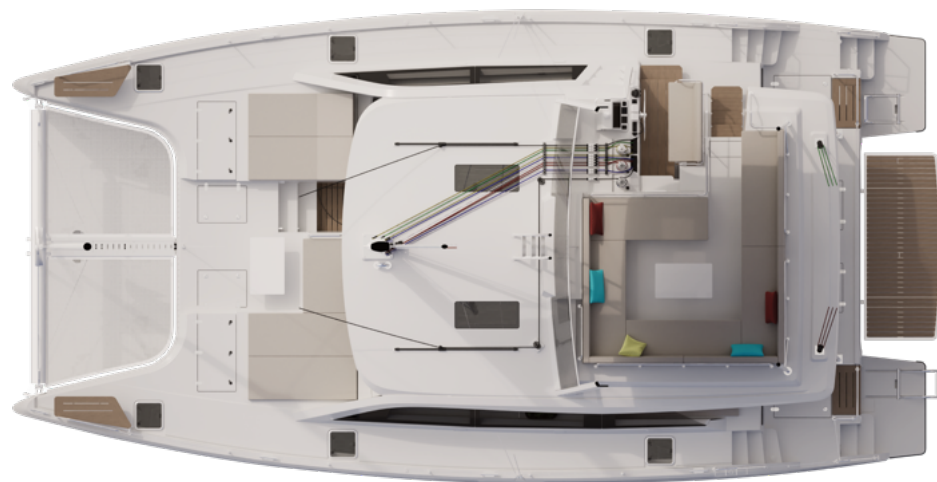

CHARTER UPGRADE

Designed for operational efficiency and guest experience, with four equal en-suite cabins and two additional forward crew cabins. The addition of a flybridge, with ample seating for guests, adds even more room to enjoy the VOYAGE 510 experience. Circulation is intuitive, and accommodation is balanced across all cabins, supporting consistent guest experience. Designed as a natural extension of the VOYAGE 590 Charter platform.
